

Quality Policy

Cinqplast Plastop is committed to the process of continuous improvement in business operations and the full satisfaction of our customers.

This will be achieved by:

- ◆ Management leadership and commitment to the process of continuous improvement
- ◆ Creating a work environment in which all employees are trained and empowered to 'make a difference'
- ◆ Establishing and maintaining of business systems certified to recognized international standards
- ◆ Utilizing information, tools, processes and methods to implement and monitor improvement
- ◆ Assuring that suppliers provide products and services conforming to our requirements
- ◆ Understanding of, and response to, the changing needs of our internal and external customers
- ◆ Ensuring to monitor and respond to customer expectations

In accordance with these principles, the implementation of ISO 9001: 2008 is in line with the aim for Cinqplast Plastop Pty Ltd to lead through excellence.
